## SPECIAL WORDING

The following wording and/or symbols are available for use in place of standard exit legends. Please consult factory for availability as well as other legends or symbols not shown. Most standard universal symbols are available, but due to space limitations are not able to be shown. For all special wording or symbols, please specify letter colour Red (R), Green (G) or White (W) on background colour Red (R), Green (G) or White (W). All LED signs are only available with Red (R) or Green (G) letters on White (W) background. For the BLACK OUT feature specify BO after the SW option.

### Special wording signs are customizable:
